

MARTA Transportation

(Subway System)

Atlanta Airport to Georgia Tech Hotel and Conference Center

Once you have left your plane, head towards domestic baggage claim. If you have luggage pick that up and head to the West side towards MARTA (you will see signs that tell you which way to go).

Once you walk into the MARTA area, you will see the turn styles and booths on one side and machines on the other. You can purchase your Breeze Card (\$1.00) **and** one-way ticket (\$2.50) at either the Booths or Machines. You can pay with cash or card.

Once you have your loaded Breeze Card walk up to the turn styles and tap your card on the Breeze logo and the gate will open. You will then proceed up the stairs to the train platform where you can board either the red or gold lines (both will take you to the same station).

Once you Board either the Red or Gold line you will need to get off at the **MIDTOWN STATION**. It is 11 stops from the Airport station. From there you will exit. You will need to have your Breeze card out and ready to tap your card on the Breeze logo to be let out. Once you are past the turn style, you will need to find the sign that directs you to **Peachtree PL NE**.

NOTE: A National Office Staff member will be at the Midtown Marta station to meet you. Staff will help direct/walk with you to the Conference Center Hotel. However, in case you are really early/late or there is some other unforeseen circumstance, below are directions on how to get from the MARTA station to the Hotel:

- Once you have exited on the street, you will need to take a **right** onto Peachtree PL NE
- Walk straight until you get to Spring Street NW where you will take a **left**.
- You will stay on Spring Street for 0.3 miles and the Georgia Tech hotel and Conference Center will be on your **right**.

Once you found the front entrance, make your way inside and find the Check in table for Alphas Academy!
