

Chi Phi Partners with ChapterSpot & greekbill

The Chi Phi Fraternity and the Chi Phi Educational Trust are excited to announce our new partnership with ChapterSpot, a leader in database technology, and greekbill, a joint financial solution team, to provide our members with the best Chapter support, technology platform, and a new membership portal starting early January 2022.

Ensuring that members have the tools and resources they need to be successful has been and will continue to be a priority for both the Chi Phi Fraternity and the Chi Phi Educational Trust. With this in mind, in March 2020, a task force composed of staff, Grand Council, and Trustees set out to review our current database and billing partner and determined that the best option for our members would be to migrate away from the **OmegaFi** and **Vault Billing** platform.

The seamless integration between **ChapterSpot's** member-management technology and **greekbill's** financial platform will optimize Chapter operations with a foundation powered by Salesforce, the world's largest CRM/database company, and will prepare Chi Phi and its members for success.

Throughout summer and fall 2021, additional details about the overall implementation of **ChapterSpot** and **greekbill** will be released. We expect to release a completely new and modernized membership portal in January 2022, which will replace the current Chi Phi Connect platform.

Chi Phi encourages Chapter Officers and Advisors to connect with greekbill to learn about the product and how your Chapter can benefit from use of its affordable services as early as this fall. To start a conversation today, Chapters can reach out to Riley Moffatt at **greekbill** at (248)925-4006 or RMoffatt@billhighway.com. Representatives from **greekbill** will also be available in-person at Congress.

Additional questions about the transition can be directed to Director of Member Engagement Dan Coutcher at coutcher@chiphi.org.
